Explain briefly why you want a placement for the child:																						

When it comes to processing applications and the granting of placement it is important to know the following:

- All applications are treated confidentially.
- The school has 50 student places. When more applications than there are places available the new places will be granted following the school's current admission rules. This is available on the school's website.
- We have mixed age groups.
- The school has five-day school week for all grades. 8:45 a.m. to 2:45 p.m.
- We are following the usual Norwegian school plan with approx. 190 school days a year, with holiday correspondingly the public school .
- School fees is NOK 500, - pr. month for 10 months. This includes fruits and lunch with milk/juice every day. At least one day a week we serve hot food for lunch.
- Termination must be made in writing and with three months' notice.

What we can offer during the school holidays

- By winter and autumn holiday, and for other holidays, we will survey the need for daycare (In Norwegian SFO). Price NOK 300, - pr. day (including food). If there is very little need for SFO, we will help try to find a solution. We are working together with Midøy Velforening on this SFO solution.
- Since the school is open every day for every pupil in every class, there is usually no need for daycare during ordinary weeks.
